

SILVER BELLS WREATH

Skill Level: Beginner

Materials: Styrofoam or moss-covered wreath form; silver Christmas ball ornaments; fraser fir branches; bay leaves; cinnamon sticks; jingle bells (optional); spool wire; wire cutters; garden clippers; hot glue gun and glue sticks.

Directions:

1. Cut 10 inches of wire. Hold several bay leaves together by stems to form cluster; wrap wire around stems. Cut wires and form clusters from remaining leaves in same manner.
2. Twist wires around form, covering it completely.
3. Cut 10 inches of wire for each ornament. Slip a wire through each hanging loop; twist ends together to secure.
4. Cut fir branches into short pieces; insert and glue pieces into wreath as desired.
5. Insert and glue cinnamon sticks between ornaments.
6. Cut 10 inches of wire for each hanging loop; twist ends together. Wrap wires around wreath to secure.
