Kolinsky Elite™ holds a generous amount of color, maintains superb points, strokes delicately and springs back consistently. These brushes are great for watercolors and inks.

These brushes are an exclusive blend of natural squirrel hair and premium synthetic filament ideal for watercolors, inks and wet acrylics. They are the perfect combination of softness and strength, designed to hold generous amounts of water and color. Delicate or bold strokes are made effortlessly, with the brush springing back consistently.

Reg. Map 40% Promo Map 50%

Years from now, for your work to be seen as you intend it to be, your materials need to be lightfast (not fade from exposure to light) and permanent (not change over time). So that you can trust in the longevity of your work, these oil colours are tested for these qualities and have some of the best ratings (at least AA or A).

MaimeriBlu is absolute purity of pigments which, together with gum arabic, constitute the entire mixture. Impalpable, transparent, clean. No cutting powders, no additives. Nothing harmonizes, synchronizes, the gear change between the various tones. Its value lies in the transparency of the colors and the freshness of the washouts. 90 colors. 1.5ml & 12ml

Archival quality, this cold press surface is receptive for watercolor and gouache. Versatile sheet adapts to a variety of watercolor techniques. Well sized rough surface with maximum wet strength. An often overlooked aspect of Bee watercolor paper is its ability to accept an incredible range of mixed media, both wet and dry.
